

ObjectRef

```
classDiagram
    class ObjectRef {
    }
    class tvm_te_TensorIntrinCall {
        +TensorIntrinCall()
        +TensorIntrinCall()
        +operator->()
    }
    tvm_te_TensorIntrinCall --|> ObjectRef
```

The diagram illustrates a class hierarchy. At the top is the 'ObjectRef' class, represented by a white box with a black border and three horizontal compartments. Below it is the 'tvm::te::TensorIntrinCall' class, represented by a grey box with a black border and three horizontal compartments. A blue arrow with an open triangular head points from the top compartment of 'tvm::te::TensorIntrinCall' to the bottom compartment of 'ObjectRef', indicating that 'tvm::te::TensorIntrinCall' inherits from 'ObjectRef'.

tvm::te::TensorIntrinCall

+ TensorIntrinCall()  
+ TensorIntrinCall()  
+ operator->()
